

UMEED

...आशा की एक किरण

UMEED is an initiative taken up by the students of National Institute of Foundry & Forge Technology, Hatia, Ranchi for a social cause. It aims to help the people of orphanages, old-age homes and slum areas to survive harsh winters, who hunt for warm clothes. This helps to fight against winters. The students of NIFFT, Ranchi collect clothes from the in and around areas and distribute them to the old age homes, orphanages and slum areas of the city.
